

Machine Gun Kelly, Breaking News

No mercy has begun
Ladies and gentlemen
Machine Gun Kelly
This kid, I think he is a star
He's one of the best live performers I've ever seen
He's also more importantly a movement

Backpack? Fuck that
I was always hanging where the thugs at
I was always hanging with the rugrats
Someone come and show me where the drugs at
Someone come and pop on a hot song, meaning my shit, get an iPhone take a video and make it la
And a muthafucka isn't gonna stop the shit
Until I make an album like a 2pacalypse
Until I'm killing everybody like in Auschwitz
Until I'm revolutionary like a Gandhi is
Until I'm poppin' all these bottles to accomplishments
Until I'm always hot no matter what the climate is
Until whenever somebody is feeling talkative my name is brought up, doesn't matter what the topic
Didn't think I rap? Bitch I flow like "boom boom bap"
Bitch I come from where you never moved at
Look into my room get a view, look at my past
God damn
Got weed, got jack, oxy's? Had that
Got Jimi, got Slash, got shrooms, got hash
Bipolar syndrome, kicked in, got mad
Walked on the red carpet like kiss my ass you bitch

He was truly the only developed on-point performer on the bill
If you know anything about lyricists, then you know who MGK is
I need a freestyle, I need to hear Machine Gun Kelly spit

Fuck that, y'all don't gotta hear shit
Ask anybody in the 216 if my name rings bells in them bricks
"Man everybody know who that is"
What you hate, boy? You late, boy
You ain't heard about that great boy?
3 letter name cacaussian boy
Used to live right there up the way, boy
You heard about him, you've said the name
You saw the iTunes and clicked to play
You liked the shit and you bought the shit
Put him on the playlist right next to Jay
Then your girl saw me, I signed her tits
And she disappeared you couldn't find the bitch
Then your heart stopped you know what time it is
I put my dick in her common sense
Fuck boy you lonely
Fuck boy you phony
You would think these fuck boys fucking boys with the way that they be all on me
If it ain't EST in your mouth... then whatever you rep is corny
Got a new single without me on it? That shit's boring, bitch I'm snoring
Man I'm touring every damn day
I showed y'all how to turn up
100 j's in my ashtray bitch I showed y'all how to burn up
I sacrificed what y'all wouldn't give to these kids and now you love fans?
None of these rappers got a movement tell 'em quit jocking my ass
God damn
And y'all can have the bloggers I don't type shit
God gave me both these hands to fight with
Wassup!?
Now say goodnight quick because my right fist's like Vicodin
Might just throw you on the ground like dices
Might just go into the pocket with your license, get a wallet and a couple dollars, buy nice shit

Dyke bitches all over my dick, that's priceless
I just fuck 'em if they're wet like Pisces
Wives is jealous of the bitch I'm with cause they almost F'd like D-... get it?
Digest every little word I'm spittin' cause it's food for thought so pay attention
Better listen, I'm on a mission to killing off all of my competition and if you are with that then good r

Now Machine Gun Kelly seems like somebody you would diss
Lyrically I wouldn't think you'd like Machine Gun Kelly
What are you trying to say, he's wack or something?
He is wack
He's not wack
He's better than 80% of the rappers out there
It must be nice being MGK right now
The rapper recently released what he says to be the true meaning of his Lace Up movement
If there was ever a musical speaker that I could put out there for my personality, Machine Gun Kelly
