

Machine Gun Kelly, DAYWALKER! (ft. CORPSE)

Push that motherfuc* in the face
You hating what he said
Right beat his ass
Leave him at the stoplight

i know you wanna change
but nobody's round
so kick him again
while he's on teh ground
y'all never be the same

i wanna know if i tell you a secret
where you keep it

i need someone to blame
and when i see somebody talking with him
i wanna break
