

# Machine Gun Kelly, emo girl feat. WILLOW

I am a God

Yeah, she's got  
Makeup by the mirror in her bedroom  
Thigh high fishnets and some black boots  
Nose pierced with the cigarette perfume  
Half dead but she still looks so cute  
she is a monster in disguise  
and she knows all the words to the trap songs  
takes pics with the cherry red lipstick  
Says she only dates guys with a big mmm

I fell in love with an emo girl  
I'm in love with an emo girl  
I fell in love with an emo girl  
All I want is an emo girl

She puts eyeliner on her dark skin  
She tells me lies but she knows all of my secrets  
And when we drive in the car and I say "who is this band?"  
She says "you won't understand this some next shit"  
Choke-choke-choker on her neck  
kiss me, holy fuck I'm bleeding on your Blink tee  
So, so, so, many regrets you tell me  
you're depressed baby girl that makes two of us

I fell in love with an emo girl  
I'm in love with an emo girl  
I fell in love with an emo girl  
All she wants is an emo girl

I fell in love with an emo girl  
I'm in love with an emo girl  
I fell in love with an emo girl  
All I want is an emo girl

yea,  
yea,  
yea

I fell in love with an emo girl  
I'm in love with an emo girl  
I fell in love with an emo girl  
All I want is an emo girl

I fell in love with an emo girl  
I'm in love with an emo girl  
I fell in love with an emo girl  
All she wants is an emo girl

She's in love  
With an emo girl
