

# Machine Gun Kelly, LATELY

lately, I've been having crazy thoughts  
the way I'm living , shit get crazy dark  
tell me lately  
why we petty talk  
and you know I'm tryna change  
but it's very hard

life's been getting to me  
I just started smoking squares  
I'm stressed  
but they ain't getting in my circle dawg  
we still prepared (for real)  
I'm still dealing with some demons that ain't really there  
grew up a screw up  
pierced my ear and dyed my fucking hair  
in 7th grade  
I didn't even have a bed, I had a chair (for real)  
the fuck you think I go so hard for  
I got out there (I'm gone)

have you ever had somebody try to take your life?  
sometimes, I ain't safe from myself  
when I stay up at night

lately, I've been having crazy thoughts  
the way I'm living , shit get crazy dark  
tell me lately  
why we petty talk  
and you know I'm tryna change  
but it's very hard

I only smile in public jjust for a show  
I know they tried to warn me about my ghost  
you know them kids be with them and  
now the kids be seeing ghost
