

Machine Gun Kelly, Runnin

Where?

Why?

Mayday!

Runnin' I, runnin', I ain't runnin' away

I told you! You are never going to be shit

Runnin' I, runnin', I ain't runnin' away

Just stop now, you're not gonna make it

Runnin' I, runnin', I ain't runnin' away

That's right, get your shit and run away again

Run muthafucker, run

'Cause I'm so tired of running

I'm so tired of running, that I've worn my soles out

To the point that my toes is out

To the point that I can't look back

And even if I did I still couldn't see where I started out

Can't see home for miles

Lost like another orphan child

I'm only grinning cause I'm supposed to smile

So I do it for the ones that are down and out

Proud one of those is gonna be a spokesman now

But I'm still running, running, and I don't know where

All I got to my name is one pair

Of laced up chucks, five bucks, and a chip on my shoulder that's so big, that I cannot bare

I done lost my friends, family, and home for this

And for that I have lost my mind

Kept my faith, lost my direction

I'm just praying that I haven't lost my time

Go! (Go, go, go)

I keep my head up with my feet on the ground

From the bottom so up is the only place that I'm goin'

Ready to face all that's in front of me now

'Cause I'm so tired of runnin'

I'm walking through the fire, cause there is no way around

Moving in the same direction wherever the wind is blowin'

Ready to face all that's in front of me now

'Cause I'm so tired of runnin'

Runnin' I, runnin', I ain't running away (Ahuh)

When are you gonna stop running, huh?

Runnin' I, runnin', I ain't running away (Ahuh)

Face it, you're gonna end up just like your father did

Runnin' I, runnin', I ain't running away (Ahuh)

You don't know how to fill these shoes

The whole world wants to see you fail, and you're gonna let 'em

'Cause I'm so tired of runnin'

And I'm so tired of strugglin'

I'm so tired of hustlin'

I can feel my heart fill with hate

I'm so tired of lovin'

I was supposed to be great

I'm so tired of duckin'

Tired to coming home from a job being fired from nothin'

And shit I'm tired

From the nights a muthafucker took that ride

To make that dream, come alive

To wake up in the morning to a nine to five

But I gotta do it if I wanna survive

Because in the city where I'm from it's either do or die

So choose it wise

Because you could lose it in the blink of an eye

But even in the darkest times

It's proven I

I keep my head up with my feet on the ground
From the bottom so up is the only place that I'm goin'
Ready to face all that's in front of me now
'Cause I'm so tired of runnin'
I'm walking through the fire, cause there is no way around
Moving in the same direction wherever the wind is blowin'
Ready to face all that's in front of me now
'Cause I'm so tired of runnin'

Runnin' I, runnin', I ain't running away (Ahuh)
Runnin' I, runnin', I ain't running away (Ahuh)
Runnin' I, runnin', I ain't running away (Ahuh)
'Cause I'm so tired of runnin'
