

# Machine Head, Struck A Nerve

give me power to end all of the strife  
courage to kill the pro-life

i don't want to see  
you can't change me  
you tell me not to bow  
just follow for how  
you're oh so holier than thou

[chorus:]  
the more things change  
the more they stay the same  
the more  
things change  
the more  
they stay the same

give me patience to deal with all the strain  
balance to take the fuckin' pain

i don't want to fake  
and i won't break  
wo're too happy to be  
in our apathy  
we smile single file to the line

[chorus]

so c'mon, c'mon, c'mon  
we gotta wake up  
you don't know you're hight  
your right from wrong  
we gotta wake up
