

# Maciej Kajetan Musiałowski & Magdalena Berus,

Did you come up here just for death  
To this vast, unknowable space  
'cause all we're doing up here  
Except dancing is dying  
leave body for a minute  
Coming back on knees

Praying to our vanishing kings  
Vanishing kings

See our lifes simply are  
Course of justifying  
Foreign people with our mixed tongues  
How to find the right words?  
Killing for killing now  
Blackouts in stupid minds  
I don't wanna be a lonely man  
We'll be soon laying in rock-solid cave

Praying to our vanishing kings  
Vanishing kings  
Vanishing kings

Coming back for me  
Vanishing kings  
Did you come up here just for death  
Coming back on knees  
Praying to our vanishing kings  
Vanishing kings
