

# MACKLEMORE, MANIAC (feat. Windser)

I don't wanna dance with a maniac  
'Cause the moment we touch, it's a heart attack  
You know I love you, honey, but you got me running, yeah  
I could give a damn, you're a maniac  
And you're talking like a killer, got me on my back  
You know I love you, honey, but you got me running, yeah

I fell in love with her moonwalk  
Dancin' in the kitchen in her tube socks  
I should've saw the signs, but refused, dawg  
How am I supposed to ever move on?  
Why is this so complicated?  
You said that you didn't love me  
Said you workin' on yourself  
You ain't been to therapy since 2020  
Somethin' isn't right, see it in your eyes  
Always give advice, never takin' mine  
When I say goodnight, I'm thinkin'

Ooh-ooh-ooh-ooh  
You get on my nerves, I'm a foo-ooh-ooh-ool  
You better reimburse all the things you do-ooh-ohh  
Put me in a hearse we're both coo-coo, coo-coo  
It's never gonna work

I don't wanna dance with a maniac  
'Cause the moment we touch, it's a heart attack  
You know I love you, honey, but you got me running, yeah  
I could give a damn, you're a maniac  
And you're talking like a killer, got me on my back  
You know I love you, honey, but you got me running, yeah

I think we need some space, I think we need a break  
I think I need to move, I think this isn't safe  
Why the hell you follow me to Walmart?  
Gotta know everything, you ain't Nardwuar  
Dress up on Friday nights, turn up 'til Sunday morning  
I'm mister-probably-right, ignoring all the warnings  
I shouldn't wanna kick it, too many red flags  
I knew you were problematic, 'cause all of your exes are mad  
Somehow I'm back in your arms, told you, "Get back in my car"  
I know you don't really love me, you deserve actin' awards  
As long as the night is young, go crazy, I got your back  
I'll be posted by the jukebox watching you dance  
Thinkin'

Ooh-ooh-ooh-ooh  
You get on my nerves, I'm a foo-ooh-ooh-ool  
You better reimburse all the things you do-ooh-ohh  
Keep me down to Earth, we're both coo-coo, coo-coo  
But somehow it works  
Let's go

I don't wanna dance with a maniac  
'Cause the moment we touch, it's a heart attack  
You know I love you, honey, but you got me running, yeah  
I could give a damn, you're a maniac  
And you're talking like a killer, got me on my back  
You know I love you, honey, but you got me running, yeah

I don't wanna dance with a maniac  
'Cause the moment we touch, it's a heart attack  
You know I love you, honey, but you got me running, yeah
