

# Macy Gray, Finally Made Me Happy F. Natalie Cole

Betcha thought I'd die when you went away  
Thought I'd get drunk in my sorrows and just slip away  
But things have changed from back in the day begging you to stay  
Now I can't wait to see you packing see you leaving today

Baby You Finally Made Me Happy  
When You Walked Out That Door  
Baby You Finally Made Me Happy  
When You Walked Out That Door  
For All The Times You Made Me Cry  
Now All I Feel Is Joy  
And You Finally Made Me Happy Baby

Walking through my door bringing jewelry and stacks  
You tell me you'll give it all to me if I take you back  
But I'm in my bedroom baby  
Moaning oooooooooooooohhh baby  
That's my new lover under my covers hollering UH UH UH

Baby You Finally Made Me Happy  
When You Walked Out That Door  
Finally Made Me Happy  
When You Walked Out That Door  
For All The Times You Made Me Cry  
Now All I Feel Is Joy  
And You Finally Made Me Happy Baby
