

Mad At The World, Taking the Easy Way Out

This is the pain and tears
The worst of your fears
The question at hand
And so many leave this way
And so they take the easy way out
I don't understand

CHORUS

Taking the easy way out
Isn't the easy way out
Taking the easy way out
Isn't the easy way out

And so life goes on
Or passes you by
And you start to cry
You listen and you hear
His voice in your ear
"No use left to try
Go on, take your life"
