

# Mad At The World, Taking the Easy Way Out

This is the pain and tears  
The worst of your fears  
The question at hand  
And so many leave this way  
And so they take the easy way out  
I don't understand

## CHORUS

Taking the easy way out  
Isn't the easy way out  
Taking the easy way out  
Isn't the easy way out

And so life goes on  
Or passes you by  
And you start to cry  
You listen and you hear  
His voice in your ear  
"No use left to try  
Go on, take your life"
