

# Mad Caddies, Just One More

The fine life is a beautiful thing  
The caviar and the diamond ring  
It goes all night, I see the writing on the wall.  
The bright lights of a big soiree  
The satin glows and the tango sways  
It goes all night, I see the writing on the wall.

As for me I like a dark smokey bar  
A shot of whisky and a cheap cigar  
It goes all night, I see the writing on the wall

Another quarter and the jukebox cries  
I like the sound as the record sighs  
It goes all night, I see the writing on the wall

Chorus:  
No necesito la vida rica  
Estoy contento contigo  
Cause in the end we all go to the same place  
I'll be happy with what I know

I like the girls that go cha cha cha  
And when the band is playing wah wah wah  
It goes all night, I see the writing on the wall

Another drink and we'll all be fine  
A little music and we start to shine  
It goes all night, I see the writing on the wall

(chorus)
