

# Mad Caddies, Without You

I feel like I'm running in place  
Sometimes I just need a little room to breathe  
And I can't run for cover or seek from  
another every little thing I need

I said you're there for the good times, and for the bad times  
And for the mid tempo days  
But there is nothing that I've been through yet  
Where the voice inside of me didn't say

[Chorus:]  
Without you  
Without you  
There is nothing to hold on to  
And the morning won't come  
Without you

I know there's days when  
I don't try hard enough for you girl  
And every moment I can't always be there  
And your love that I've been stealing well  
I hope you know I'm feeling  
That through all of this I really care

I said I move to the left side  
And to the right side  
Or anyway that you choose  
Because the way that you make me feel  
You know I never want to lose

[Chorus]

Oh when I wake up in the morning baby  
and I see you lying next to me  
There ain't nothing in the world going to take away my  
pain and come and set me free

[Chorus 2x]
