

# Mad Dog Loose, Shuffle

Ya can fight it all out  
Ya can figure and shout  
To somebody who's in  
At somebody who's out  
I can turn myself in  
Into trouble tonight  
I can shake it and spin  
With a shuffle to thin  
We got nothing to fear  
You just want me to see  
Behind every corner  
There's a humble bee  
It can sting you for real  
It can lick you for free  
You want me to fly  
You crazy butterfly  
You can roll it for fun  
You can lay down and run  
You can stretch it for double  
And the shuffle is done  
Turn it upside down  
Take it inside out  
You want me to fly  
You crazy butterfly
