

Mad Marge And The Stonecutters, Gravest Sin

Die, I'll get you while you're down
I'll cut off your head while you are sleepin'
And he won't even though I'm there
By the time I'm done you know you won't be breathing

Well don't touch my skin
You can't understand it's a...
Well don't touch my skin
You can't understand it's a gravest sin

Stop, I think I've had enough
Enough of you and I'm too late now
Well why don't you just shut your mouth?
Let's get it on and lets get it on over

Well don't touch my skin
You can't understand it's a...
Well don't touch my skin
You can't understand it's a gravest sin

Well don't touch my skin
You can't understand it's a...
Well don't touch my skin
You can't understand it's a gravest sin

Bleed, while your time has come
You had your chance and it's too late now
And then I cut off your head
It rolls on the floor and the blood seeps in

Well don't touch my skin
You can't understand it's a...
Well don't touch my skin
You can't understand it's a gravest sin

Oh, Oh, Oh

And around, and around, and around again
It's a gravest sin

Well don't touch my skin
You can't understand it's a...
Well don't touch my skin
You can't understand it's a gravest sin
