

# Mad Skillz, The Rap Up 2004

[Time keeps on slipping...slipping...slipping]  
[GET DOWN]  
Yeah...Ha

It's ya boy Skillz ya'll with the facts fa sho  
Back to recap 2004  
Now, things started out cool and plain  
Till Janet whipped her boob at the Super Bowl game  
I know the girl moves in cycles  
But I never thought a nipple could make the whole world forget about Michael  
And rap needed something fresh  
In comes Mr. "Jesus Walks" Kanye West  
We got him and Mel to thank Jesus Walks  
Yeah, after "The Passion" Jesus walked to the bank  
And every week, a different hurricane hit  
If you ain't have a Blackberry then you prolly had a Sidekick  
The gay governor came out and quit  
And erybody and they mother had a Black Album remix  
's was the kicks  
And even white people started saying "I'm Rick James, Bitch"  
American Idol was dumb  
Was I the only one that got sick of seeing William Hung?  
Fantasia won, don't get it confused  
But with a mouth that huge, how could she lose?  
Usher confessed again  
If Chili wanted a comeback she shoulda made a record then  
Paris Hilton's sex tape got watched  
And once they got cold all she said was "That's hot"  
Rap made a lot of CREAM  
LL came back, looking like he was 16  
Mase came back too, did ya'll peep it?  
What's funny is he prolly made more money preaching  
Shyne was supposed to be the truth  
Yo Po, next time ya album comes out, you should come out too  
Kobe had a little luck  
But here's a fashion tip for the guys, no more button ups  
White Tees I spare  
Ain't they like 50 for a dollar? They ain't goin nowhere  
Who had a Livestrong bracelet? I did  
Sad part is you prolly don't even know where yours is  
The U.S. B-Ball team got sliced  
Roy Jones got his ass kicked twice  
Rappers couldn't behave  
Tony Yayo came out and went back in a couple of days  
Wanna throw up what you ate?  
Picture Bridget Nielson in a hot tub with Flavor Flav  
Lil Flip came at TI  
And then Shaq came at me but I ain't sure why  
But I crushed the dude  
The day he beats me that'll be the day he won't mumble in his interviews  
Lets get serious for a second  
Who thought Fherenhite 9/11 would change the election?  
For a minute though, voting was fly  
And everybody had a shirt that said "Vote or Die"  
Seen on everybody from 50 to Jigga  
Newsflash to Puff, shirts didn't work nigga  
The election was scary  
Don't front, don't you feel bad for John Kerry?  
For a sec he was a star  
Now he prolly in a bar wishing Oprah had given him a car  
Dave Chappelle made a lot of cake  
Mary Kate Olsen proved money can't buy you weight  
Beyonce was on fire  
Hottest show on TV? Hands down that would have to be The Wire

Can't believe Stringer got killed  
I been to B-More trust me, The Wire is real  
If you lip syncing do it well  
Ashley Simpson made a fool of herself on SNL  
Advice to the kids, don't chance it  
Sumpthin go wrong in ya life, screw it start dancing  
And designers were snoring  
Couldn't do nothing with white tees so we started putting pictures on em  
Red and Meth Show was put to rest  
Dummy Move of the Year tho? Ron Artest  
We all watching like, "Damn you believe this man,"  
&"Just put his hands up and swung on a fan?"  
The nutshell, I'mma make it clear  
Ron Artest spent 5 mill on half a cup of beer  
Jealousy could be a sickness  
Don't believe me? ask Jay-z, he could be a witness  
Started out as The Best of Both Worlds  
Ended with pepper spray and Kelly about to earl  
Ayo Kells, that was whack fam  
In some ways you remind me of an old black man  
You know how they blame stuff on the white man?  
He took it up a notch and blamed it on the white lightning man  
Martha Stewart hit the pen  
Britney got married, got divorced and got married again  
And some rappers couldn't lose  
They sold everything from booze to clothes to shoes  
And some of ya'll don't think  
I'm from the hood dogg, we don't buy energy drinks  
So take that, rewind it back  
Usher had the biggest hit with Lil Jon on the track  
If not that, it was Joey Crack  
Cuz even slow old people was trying to Lean Back  
Matthew Knowles I know it hurt your heart  
When Michelle fell on 106 and Park  
Sad case, no doubt  
How you fall on TV the day that ya album come out?  
And here's a winner for sure  
They say Young Buck tried to stab a boy at the Vibe Awards  
Dre, he kept it gully Doc  
Buck earned his spot, he should be all over The Detox  
And ya'll prolly askin yaself  
Who is this dude thats talkin bout everybody else?  
And that question is the worst one  
I'm Skillz homeboy, I'm the dude that made the first one  
And Imma keep doing me  
R.I.P. to Rick James, Ray Charles and the ODB  
I said I wouldn't do a Rap Up but I lied  
So what the hell? Happy New Year Double 0- 5
