

# Madball, Demonstrating My Style

Demonstrating my style  
Lettin' it be known  
Follow the path of no one else  
It's all about being true to myself  
I'll speak my mind, I won't keep it inside  
The years pass and people change  
But I'm stayin' true to my ways  
Hardcore is my life, I'll carry the name  
Demonstrating my style  
Lettin' it be known  
Demonstrating my style  
We're not alone  
Give respect where respect is due  
To those who know what we've been through  
We can all relate in our own way  
To those who put us down, we won't see you around  
Cause you're too scared of me  
To those who've helped us out, you know what we're about  
You'll get respect from me
