

Madball, Tight Rope

WHAT CAN THEY SAY? Not a thing cause Ive learned the hard way

OUR OWN WAY stay the course, we muste carry on now

I WON'T STRAY from the path we weve chosen lets go!

Through all the good and bad things the hope and dreams I lost my drive it seems in a way, ive los

Tightrope walking the fine line

"Guttercoke" make me feel sublime

But all in all its not fine

everything is not alright

WHAT CAN THEY SAY? Not a thing cause Ive learned the hard way

OUR OWN WAY stay the course, we muste carry on now

I WON'T STRAY from the path we weve chosen lets go!

Dont we all love the fast life?

We all play the game put the barrel straight to your brain spin the chamber damn! What a shame h

I have my hopes but accept the facts

the friends Ive lost to the street

WE CANT BRING THEM BACK!

I think about how it was then

thats not so long ago my friends!

The close calls and the time spent

have I learned my lesson yet?

I HOPE, I HOPE

and you dont want to see what Ive seen

cause you might not be so lucky
