

# Maddy Prior, Dance On The Wind

I soar with the draughts and balance on the wind  
Coal black and at ease  
I drop, I swoop, I loop the loop  
Tumbling above the trees.

My partner for life well matches my flight  
Through weather sharp or fair  
We dip and dive a drunken jive  
Falling as a pair

Fine games in the clouds, a pirouette, a dance  
Pure fun and glee  
To fall on air, without a care  
Joyfully flying free
