

# Made Of Hate, An Eye For An Eye

A scar for a scar,  
Your nails wound your enemy to bleed  
Like biting beast,  
His reaction is the same: attack!  
An eye for an eye makes that world blind!  
An eye for an eye!  
Oh Can't you see  
Desire for vendetta's covered your eyes  
You've ruined your life  
Family as well, It is an obsession  
Release your weapon,  
Put down your shield, rebuild your life instead  
Time's running out,  
So better stop before you'll be  
Destroyed by your own hate!
