

Madison Avenue, Fly

Verse 1:

Chilling at the club on a friday night
Hangin with my friends, feelin alright
Dj's playin all my favorite tunes
The dance floor's lookin' really good
I'm gonna go and get my girls
You know we do it right, hey yeah

CHORUS:

Set your spirit free
Let it take you up
The best you can be
Fly

((repeat))

Verse 2:

The sun is high and hot
We're looking sweet and looking fine
Cruising down the boulevard
With me and mine
Radio is pumping oh yeah turn it up
Now get ready here comes my favorite song
It makes you wanna....

CHORUS
