

# Madonna, Gambler

Gambler, gambler

[Chorus:]

I'm a gambler, and I will take you by surprise  
Gambler, I'll aim this straight between your eyes  
Gambler, yeah I know all the words to say  
'Cause I'm a gambler, I only play the game my way, yeah

Don't want to say this but I think that I should  
I'm better off forgotten if you think that I'd be good  
One day you see me the next day I'm gone  
Don't fight me baby I don't want to hold on  
I'm a gambler, a gambler

You're not happy with the way I act  
You better turn around boy, don't look back  
You're getting angry, you know I can see  
You're just jealous 'cause you can't be me

[chorus]

[Intermediate:]

You can't stop me now  
'Cause I'm right and I'm making advances  
Let me show you how  
Tonight, I'll be taking my chances  
On you, on you, on you, on you, that's right baby

I'm a gambler, gambler  
You understand what I'm talking about?

[chorus]

[intermediate]

I'm a gambler, a gambler  
Gambler, 'cause I'm a gambler

You can't stop me now  
I'm on the road baby I know how  
You can't stop me now  
Oh no

You can't stop me now [repeat 3 times]

'Cause I'm a gambler, yeah I'm a gambler  
That's right baby
