

# Madonna, Supernatural (Original Arms House Mix)

Made your acquaintance late one night

You were floating around

You know you gave me quite a fright

You didn't seem like an ordinary man

More like a ray of light

You transcendently imposed yourself upon my bed

You know you didn't say very much

I'm out of body and I feel so good in my head

You know I'm really quite touched

I wake up with your fragrance and it's all over me

What cologne do you wear?

I walk around with a smile on my face, 'cause you're close to me

Well I know you're somewhere

[Chorus:]

Gonna take my chance on a different kind of romance

A supernatural thing

Gonna have my fill, it gives me such a big thrill to be with

A supernatural thing

I stay uplifted for quite some time

(or: You say you've lived here for quite some time)

And I'd say that your skills as a lover are very refined

You know just what I want and I don't have to ask

Are you reading my mind?

You're not demanding for a man, that's really quite rare

You're not the least bit obsessed with your hair

You're not upset when I come home later than ten

For a ghost you're a very good friend

[Bridge:]

I've got to be a very careful, never know what the neighbors would say

They already think I'm crazy

I wouldn't like to wake up and find myself in the family way

A ghost baby?

[chorus, repeat]

I can't see you (so hot)

I know you're out there you little rascal

Stop that

[bridge]

[chorus, repeat]

Gonna take my pants off for a different kind of romance

That super-duper naturally big thing

It's outrageously large

(Super-duper, supernatural, so hot, so hot, supernatural)

[fade]
