

Magazine, You Never Knew Me

I don't want to turn around
and find I'd got it wrong
or that I should have been laughing all along
you're what keeps me alive
you're what's destroying me
do you want the truth or do you want your sanity ?
You were hell
and everything else was just a mess
I found I'd stepped into the deepest unhappiness
we get back
I bleed into you
thank God that I don't love you
all of that's behind me now
still seems to be above you

I don't know
I don't know whether I ever knew you
but I know you
I know you never knew me
I don't know
I don't know whether I ever knew you
but I know you
I know you never knew me
Do you want to!

Hope doesn't serve me now
I don't move fast at all these days
you think you've understood
you're ignorant that way
I'm sorry, I'm sorry, I'm sorry
I'm sorry I can't be cancelled out like this
we had to kill too much
before we could even kiss

I don't know ...
