

Maggie Lindemann, GASLIGHT!

You have so many exes, you're literally so done
Are we recording? Should I just turn it down?
Yeah, turn down the volume or we're all gonna go deaf
Gaslight! Joy ride!
Landslide! F- life!
Twist the knife!
Broken heart and paralyzed!
Gaslight! Joy ride!
Landslide! F- life!
Watch your back, lead me to a homicide!
Where do you think, where do you think you're goin'?
Baby, are you lost or just lost in the moment?
Baby, are you lonely or just lonely for me?
Where do you think, where do you think you're goin'?
Come and find me in the lost and found
Baby, listen, can you hear me out?
I'm only in pain when you're not around
Come and find me in the lost and found
Kissing on her neck when you're not around
Shouldn't love a girl, just to tear her down
Gaslight! Joy ride!
Landslide! F- life!
Twist the knife!
Broken heart and paralyzed!
Gaslight! Joy ride!
Landslide! F- life!
Watch your back, lead me to a homicide!
Where do you think, where do you think you're goin'?
Baby, are you lost or just lost in the moment?
Baby, are you lonely or just lonely for me?
Where do you think, where do you think you're goin'?
Tell me before it's too late
Your words will dig your own grave
It's time to choose your own fate
Leave me lonely or kill you slowly
Gaslight! Joy ride!
Landslide! F- life!
Twist the knife!
Broken heart and paralyzed!
Gaslight! Joy ride!
Landslide! F- life!
Watch your back, lead me to a homicide!
Where do you think, where do you think you're goin'?
Baby, are you lost or just lost in the moment?
Baby, are you lonely or just lonely for me?
Where do you think, where do you think you're goin'?
