

# Maggie Reilly, Forget About It

Forget about it  
I'm admittin' I was wrong  
So I'll just take what's mine  
And walk right out the door

Forget about it  
I'll split, I'll be gone  
And you'll have memories  
You'll find hard to ignore

Cause after all  
I'll see you sometime, baby  
When I won't recall  
Just why you drove me crazy

Forget about it  
When forever's over  
I won't remember how much  
I loved you anymore

Forget about it  
Put me out of your head  
Now that you're free and easy  
Out there on the town

Forget about it  
When you're laying in your bed  
And you are wishing I was there  
To lay you down

Cause after all  
I'll see you sometime maybe  
And you'll recall  
The way that I drove you crazy

Forget about those starry nights  
Laying by the fireside, holding you tight  
Can't remember when I felt so alive so  
Forget about it

Forget about it  
When you see me on the street  
Don't wink, don't wave  
Don't try to tease me with your smile

Forget about it  
If we chance to meet somewhere  
Don't think it's cause  
I'm trying to reconcile

Cause after all  
I'll see you sometime maybe  
When I won't recall  
Just how you drove me crazy

Forget about those starry nights  
Laying by the fireside, holding you tight  
Do you remember when I felt so alive so  
Forget about it
