

Maggie Rogers, Horses

Watch you go
Cross the street
Like a dream
Out my window
Sucking nicotine down my throat
Thinking of you giving head
You said
You wondered bout the world
Well I have since I was a little girl
Watching white birds
Graze the hedge
Took me all this long to figure out
Its not worth it
If I cant touch the ground
Can't believe I let it turn me round
Turn me onto you
I see horses running wild I wish
I could feel like that for just a minute
Would you come with me or would you resist
Oh could you just
Give in
I see horses and I know there's a way
I hear thunder oh and I start to break
Would you come with me or would you resist
Oh could you just
Give in
I believe
In you
but the truth about dreams
Is they're a feeling that meets you in between
What you want and what
You really need
Took me all this long to figure out
Its not worth it
If I cant touch the ground
Cant believe I let you turn me round
Waiting up for you
I see horses running wild I wish
I could feel like that for just a minute
Would you come with me or would you resist
Oh could you just
Give in
I see horses and I know there's a way
I hear thunder oh and I start to break
Would you come with me or would you resist
Oh could you just
Give in
I cant wait up for you today
I'm leaving
Are you coming with me
Cant hold me back
Cant hold me back
Im going I'm going I'm going I'm going
away
I see horses running wild I wish
I could feel like that for just a minute
Would you come with me or would you resist
Oh could you just
Give in
I see horses and I know there's a way
I hear thunder oh and I start to break
Would you come with me or would you resist
Oh could you just
Give in

Oh could you just give in
Give in give in give in give in
