

# Maggie Rogers, Light On

would you believe me now  
if I told you got caught up in a wave  
almost gave it away

would you hear me out  
if I told I was terrified for days  
though I was gunna break

I couldn't stop it  
tried to slow it all down  
crying in the bathroom  
had to figure it out  
with everyone around me saying  
you must be so happy now

but if you keep reaching out  
then I will keep coming  
but if you're gone for good then I am ok. whit that  
but if you leave the light on  
I will leave the light on

I am finding out  
there's just no other way  
and I am stil I dancing  
at the end of the day  
if you leave the light on  
then I will leave the light on

do you believe me now  
that I always had the best intentions babe  
always wanted to stay

can you feel me now  
that I am vulnerable in so many ways  
and I will never change

I couldn't stop it  
tried to slow it all down  
crying in the bathroom  
had to figure it out  
with everyone around me saying  
you must be so happy now

but if you keep reaching out  
then I will keep coming  
but if you're gone for good then I am ok. whit that  
but if you leave the light on  
I will leave the light on

I am finding out  
there's just no other way  
and I am stil I dancing  
at the end of the day  
if you leave the light on  
then I will leave the light on
