Light [light] energy of light [light, light]  
Shining through the night [night, night]  
Full of energy [light]  
The light that shines on me

It will keep me warm [light, light]  
Conquer all my fears [light, light]  
Color of my tears

All I want from you is energy,  
Energy of light  
A creation of the light in me  
Tell me won't you tell me  
Can you see what I can see  
Tell me won't you tell me  
Is the power of the light in me
