

# Magic Affair, Wonderland

Take me into your heart  
Take me into your soul  
Take me into the wonderland  
Take the rest of me boy  
Take all that you need  
Take me to the wonderland

Fly away before the time, it's up to you  
Run away from the hate, you take with you  
Call me now, I will free you from the curse  
Here we are, take me to the paradise
