

Magic Box, This Is Better

What is better?
This is better?
Do you feel better
Do it together

When the sunset
Shines its colours
In my deep soul
I feel better

When your bright eyes
Look at me so
In my heart (heart)
I feel Better

And I really feel better baby
'Till when I'm so close to you
I ccc cannot resist you baby
When you're so close to me

And nobody can't stop me baby
When I'm so close to you
I desire to touch you baby
When you're so close to me

Put your hands up
Move your body
Keep on dancing
It's a party.....x2
