

Magic Dirt, Daddy

You better leave me hanging
You better know your next move
Woke up and found the tattoo you promised you'd do
Running bare with delicate eyesight
Special suicide then you said (3X)

Then you said
You never saved a wafer
Just for the little teeny breaker
No, no, no, no, no, no, no, no, no, no
I should have just stayed where I was safer

Special suicide then you said (3X)
Then you said
No I'm not a rescuer (3X)
No I'm not
You know I'm not
