

# Magic Dirt, Sparrow

It's a load off my mind  
It's no one that I can find  
It's a load off my mind  
It's no one that I can find

I am sick of the girl  
Waiting in my shadow  
I'm looking at the girl  
Changing to a sparrow  
I'll be your edge when you go down

It's a load off my mind  
It's no one that I can find  
It's a load off my mind  
It's no one that I can find  
I can't say another word

I know where you are at  
You're running down my back  
I know where you are at  
You're running down my back  
I will be your edge when you go down

Aching  
To be a victim  
I'm aching  
To be a victim  
I'm aching  
To be a victim  
I'm aching  
To be a victim

I know where you are at  
You are running down my back  
I know where you are at  
You are running down my back
