

Magic Dirt, Watch Out Boys

I don't care if it takes too long to apologise
I don't care if it lasts all week like a satellite
I don't care if you see me alone in the candlelight
I don't care if it takes too long to apologise
For things I never realised
Watch out boys
The girls next door
They're gonna run run run
Through your heart once more
Watch out girls the boys next door
They're gonna run run run
Through your heart once more
I don't know if it's gonna work out without you
I don't know if I can take two steps around you
I don't know if you don't know that she still wants you
I don't know whether I could be so careful
For things you never cared for
run run run run run run run run run run
run run run run run run run run run run
run run run run run run run run run run
run
