

# Magic, I'll Be There

(\*talking\*)

Yo, baby, you ain't got to worry  
Bout nothing, be my boo shhh  
You my main squeeze

[Hook: Sweety]

I was wondering if I, could get with you  
Then you, would be my boo  
There's no limit, to things that we can do  
You know I'll always be there  
Go out with your boys, and run the streets  
Don't care, bout who you meet  
I know that you get hard, up on the ki's  
No matter what, I'll be there

[Magic]

Come on and tell me, you gon be there  
And do the things, and let me know that you still care  
You ain't tripping off, of knowing that I get around  
That's why I'm digging you mama, because you still down  
Yeah, we had our fuss and fights, but that's life  
Leave mad, but I'm coming back home the same night  
Say a couple things, to rub you wrong  
It's make up time, baby tonight it's on  
Something bout the way, that you making me feel  
Keep me hustling, don't worry bout a damn bill  
Just keep the loving coming, like when we touching stomachs  
I get this chill up my spine, I'm so glad that that ass is mine  
And just a sprinkle, of your voodoo  
Got me hooked on, everything that you do  
Yeah, that's why I believe in putting in over time  
A fly precious the places, that gon keep a nigga on your mind

[Hook]

[Magic]

Come on and scratch me, squeeze me  
Tease me, don't give it to me easy  
Sex games, keep the relations brand new oooh  
The way you dance in the dark, no way I'm leaving you boo  
If you suck my soul, I'll play with your emotions  
Belvedere on the rocks, will be the potion  
The lust is getting greater, that I'm feeling inside  
You like wine baby girl, you get better with time  
I ain't satisfied, till you climax  
It's all about you mama, is you feeling that  
See I know, my woman's work  
She's here when I'm happy, and here when I'm hurt  
You make me wanna stay home, leave my niggaz alone  
Cause you give a nigga the freedom, to go out and roam  
You that twinkle, in a nigga's eyes  
So I'ma do what's necessary, just to see you smile

[Hook]

[Magic]

When I'm out all times a night  
Let me know girl (will you be there)  
When I'm flying from state to state  
Let me know girl (will you be there)  
When I'm feeling like sexing you, from wall to wall  
Let me know (will you be there)  
When I'm feeling all down and out baby girl

(Sweety)  
No matter what, I'll be there
