MAGIC!, No Way No

Hey baby, baby Your heart's too big to be treated small So please don't blame me, blame me For trying to be the one who could have it all You know that it's stupid, stupid Telling you it's dark when you see the light And I know you ain't foolish, foolish Just give me one chance, I could treat you right So I said...

Will I ever be too far away when you feel alone? (No way, no) Will I ever back down my sword to protect our home? (No way, no) Will I ever spend a day not telling you you're beautiful? (No way, no) No way, no way, no (No way, no way, no)

My sister, sister Told me that if love ever hits your eyes I promise you'll miss her, miss her The second that she walks right out your sight So we should just do it (do it, do it) Cause I don't wanna risk her being right Let's not be foolish Don't you know that family never lies? I promise that...

Will I ever be too far away when you feel alone? (No way, no) Will I ever back down my sword to protect our home? (No way, no) Will I ever spend a day not telling you you're beautiful? (No way, no) No way, no way, no No way, no way, no

Hey lady, lady Life's too short to be waiting long So let's not waste it, waste it When we both know you're the one

Will I ever be too far away when you feel alone? (No way, no) Will I ever back down my sword to protect our home? (No way, no) Will I ever spend a day not telling you you're beautiful? (No way, no) No way, no way, no No way, no way, no...
