

# Magna-Fi, Beautiful

debutante you dress far beyond your means  
slipping through your routine  
pretending it's a dream  
you sit with them, and suffer men to speak  
how far down do you have to go  
to be flavor of the week?

you're in, you're out  
you're all exed out  
you're stoned and beautiful  
you run your mouth  
you're so exed out  
such a pretty girl  
you're in, you're out  
you're all exed out

do your dirty pretty hands ever stop shaking?  
slick with all the abuse your conscience keeps taking  
and does the losing man ever know  
when he's lost you?  
and do your dirty pretty fingers,  
ever stop at all?
