

Magna-Fi, When I Leave You

too bad
so sad
you're not the one i wanted
it's ok
it's your fault
but you should take it with a grain of salt

when i leave you
don't come crying
don't want to hear that you think you're dying
all the promises i made to you
you only had to make them too

you played
and i let you
never anything that might upset you
i felt
so dumb
the only difference is you left me numb

when i leave you
just remember
you were the one that couldn't do forever
all the promises i made to you
you only had to make them too

you know you broke me down
and i don't want to hang around
a second more

too bad
so sad
you were the best thing i ever had
it's alright
it's ok
the only difference is i'm filled with hate
