

# Magnet, My Darling Curse

Waiting here here I'll prepare and  
Try my best not to be scared  
There's no need to insist cause  
I'm too dumb to even resist

Anymore, anyhow  
Anywhere you go, I will go with you

My darling curse  
It's you and me versus the world  
If I don't lose my nerve  
Then we'll get what we deserve

All this time I climb the walls  
I've never gained an inch at all  
My broken heart won't restart  
Whenever I'm ????

So take your time and don't be too late  
Cause my last flare's already in the air

My darling curse  
It's you and me versus the world  
If I don't lose my nerve  
Then we'll what we both deserve
