

# Magno, Greenspoint

(Magno)

Say Mag's back, this is 1.7  
Got a heavenly grind, I'm like a on-point Reverend  
I'm Nawf-side, at least one joint repping  
That big 5-6, cause I'm guns point stepping  
I be the best, niggaz on the Net be hating  
Like I don't recognize, they IP address  
Get a life, and raise up off the couch  
With them reality shows, and come back to reality hoes  
Cause the fact that you can hate, your morality shows  
While I'm steady, dropping allergy flows  
That's my way of saying, that I'm so sick  
Matter fact, man the shit is scary  
I should do a photo shoot, for my obituary  
Yeah I'm that ill, and I'm bout to get worse  
And I don't step in the booth, without a doc or a nurse  
And I don't fabricate, about rocks in my verse  
I just rock in my verse, till I rot in a hearse  
And everywhere I go, they swear my drop is a smurf  
Cause it's powder blue, even the cops wanna search  
Man I swear they actors, if a glock's in my shirt  
Oh well, I'ma rep till the top for my turf  
56 screens, where even the chicks mean  
Everybody sip lean, or they hit the dip mean  
Every old school, is on a 56 screen  
The fifth dropping, and the trunk is knocking  
But niggaz fist fighting, and the guns is popping and  
Niggaz give a fuck, if the sun is watching  
You get jacked broad day, while your sun is watching  
Niggaz raw, they don't wait for the moon  
If you got some street cred, you best wait for your goons  
Cause niggaz here got guns, that's the shape of a broom  
No shame in they game, they'll break in your room  
Greenville Village, Lick and Green East  
Met Candy Meadows, Rushwood, Broad Creek  
Nuffburrow, Imperial Valley  
You can get jacked, if you near in a alley  
Gibson road, can't forget the Seminar  
Niggaz on the corner, sipping on the ten-a-bar  
Yep I know, that's a lot of thick mud  
But hey this Greenspoint, it's a lot of sick thugs

(Hook - 2x)

The fifth dropping, and the trunk is knocking  
Well niggaz fist fighting, and the guns is popping and  
Niggaz give a fuck, if the sun is watching  
You get jacked broad day, while your son is watching
