

# Magnum, Be Strong

They take everything you have  
And turn you upside down  
You break and you feel so sad  
They've got you spinning around  
Oh, what a day

You try, you do your best  
But nothing seems to work  
You're not like all the rest  
When you're the one who hurts  
Oh, what a day

When everything in your world has gone wrong  
Can't get to sleep and the morning won't come  
No one around you to help you along  
You've got to take it, you've got to be strong  
Be strong, just be strong

Don't look back, let them do their worst  
That's all they have to do  
Your place could be in reverse  
Your future coming through  
Oh, what a day

You don't have to feel this way  
When someone turns you down  
There will be another day  
Your star will soon come around  
Oh, what a day

When everything in your world has gone wrong  
Can't get to sleep and the morning won't come  
No one around you to help you along  
You've got to take it, you've got to be strong  
Be strong, just be strong

Stay with me though the night  
You can stay with me all your life  
'Cause we both really need to get together  
Make everything all right  
It's not bad, it's just some rainy weather  
Nothing that we can't fight
