

Magnum, Without Your Love

I'd pay any price
Just to keep you here with me
I won't hold you down
You can feel that you're free
But it's all no good

Without your love, without your love
Without your love, without your love
Without your love, without your love
I can't make it on my own, I can't make it on my own

You've got to hold on me
But please don't let go
I love the way you do it
I know it must show
But it's all no good

Without your love, without your love
Without your love, without your love
Without your love, without your love
I can't make it on my own, I can't make it on my own

I couldn't breathe
I couldn't see
I couldn't feel
It's not the same
It's only me
It's not real, not real

Without your love, without your love
Without your love, without your love
Without your love, without your love
I can't make it on my own, I can't make it on my own
