

# Magnum, Your Lies

Don't trust what they tell you  
They're just playing  
They think we're crazy  
It's our lives they're betraying

Can't stop their ambition  
I'm just saying  
We're all pigs at the same trough  
Dealing while we're praying

Your lies don't fool me  
You take almost constantly  
Your lies make you see  
Puts you where you want to be

No life for a poor man  
I've seen through you  
No room for a traitor  
Nothing that we can do

Your lies don't fool me  
You take almost constantly  
Your lies make you see  
Puts you where you want to be

All you want to be  
If you can survive  
Lose your sanity  
Just to stay alive

Your lies don't fool me  
You take almost constantly  
Your lies make you see  
Puts you where you want to be
