

# Mahalia, Whatever Simon Says

I've never been the kinda girl to welcome your interest  
I heard that you like a little black dress so I wear red  
I've never been the kinda bitch to ever let a bitch get in my head  
So you should just say less  
Never done what Simon says  
Wear your makeup, make it look casual  
Wear your hair straight, actually natural  
That don't make no sense, honey  
I don't need saving, I am not a damsel  
But if your opinions are too much to handle  
Whatever, whatever am I gonna do with you  
If you like a girl that does what she supposed to do  
And I don't?  
Whatever, whatever am I gonna do with you?  
I'm not that kinda girl  
If you like her, could you like me too?  
Whatever, whatever am I gonna do?  
Whatever, whatever, whatever, whatever  
Whatever, whatever, I'll do what I do (whatever)  
Whatever, whatever (whatever)  
Whatever, whatever  
Whatever, whatever, I'll do what I do  
Take one, two step in my shoes  
You'll see that I can't let you  
Do what you're tryna do to me  
I've given up control before  
It left me in pieces  
But when I try to talk to you about it  
All I ever hear you say is  
"You can cry, but can't you smile?"  
I know you wanna talk but not right now"  
And that don't make no sense, no  
I don't need a sticker, I am not fragile  
But if your opinions are too much to handle  
Whatever, whatever am I gonna do with you  
If you like a girl that does what she supposed to do  
And I don't?  
Whatever, whatever am I gonna do with you?  
I'm not that kinda girl  
If you like her, could you like me too?  
Whatever, whatever am I gonna do? (Whatever, whatever)  
Whatever, whatever, whatever, whatever (yeah)  
Whatever, whatever, I'll do what I do (whatever)  
Whatever, whatever (whatever)  
Whatever, whatever  
How did I pay to love you?  
Cost me pennies on pennies, pounds on pounds  
When I didn't really want you  
Turned my heart and my pockets inside out (yeah)  
If you didn't know I was your sponsor, you know now  
I was never gonna fit into your mould  
I was never gonna do what I was told  
I was never  
Yes, I was never gonna give you what you want  
I was never gonna act a certain way  
And if you try make me, I'll never stay  
I'd never stay, so  
Whatever, whatever am I gonna do with you  
If you like a girl that does what she supposed to do (huh)  
And I don't?  
Whatever, whatever am I gonna do with you?  
I'm not that kinda girl (kinda girl)  
If you like her, could you like me too?  
Whatever, whatever am I gonna do? (Ooh)

Whatever, whatever, whatever, whatever (oh, yeah)  
Whatever, whatever, I'll do what I do (yeah) (whatever)  
Whatever, whatever (whatever)  
Whatever, whatever (oh)  
Whatever, whatever, I'll do what I do  
Oh, yeah  
Whatever, whatever, I'll do what I do, baby  
I'll do what I do
