

# Maiara Walsh, Thinking Of You

Everybody knows  
Situations change  
People drift away  
But I promise  
I'll always  
Stay the same  
(Always stay the same)  
And I'll remember you  
When I see  
A star fall  
From out of the blue  
Shine bright  
(Shine bright)  
Cause I'll be  
Thinking of you  
When the rain  
Won't stop  
When there's  
Nothing to do  
But hold tight  
(Hold tight)  
Cause I'll be  
Thinking of you  
And as the Earth  
Goes round  
And round again  
I know that  
(Know that)  
Your always  
Here for me  
And when the Earth  
Finally stops  
And starts  
Spinning again  
You'll see  
(You'll see)  
You'll always need me  
And when you  
Finally lose me  
And your earth finally  
Stops you know that  
(Know that)  
You'll come  
Searching for me  
And when I  
See you next time  
I know that the Earth  
Will slowly fall  
(Slowly fall)  
Out of the sky  
But you tell me  
It's all gonna be okay  
I hold tight  
(Hold tight)  
To the one that I love  
When the Earth  
Keeps falling  
When there's  
Nothing to do  
But look in  
(Look in)  
Look in your eyes  
And when the moon  
Goes up

And the sun goes down  
The Earth will  
(Earth will)  
Go back to it's place  
And everything  
Is gonna be okay  
So you look in  
(Look in)  
Look in my eyes  
And say thank you  
For coming back  
To me this time  
You saved the Earth  
(Saved the Earth)  
From falling  
Out of the sky  
And when I see  
A star fall  
From out of the blue  
Shine bright  
(Shine bright)  
Cause I'll be  
Thinking of you  
And when the rain  
Won't stop  
When there's  
Nothing to do  
But hold tight  
(Hold tight)  
Cause I'll be  
Thinking of you  
And when you say  
That your sorry  
I know that its a lie  
I move on  
(Move on)  
To a different world  
And when I  
See you outside  
I wont come up  
And say hi (say hi)  
Cause I'll be  
Thinking of you  
And if you see me again  
And your Earth  
Finally stops  
You know that  
(Know that)  
I was  
Your only true love  
And when you see me  
With the other guy  
You look sad  
(Look sad)  
Into the sky  
But you pray  
That it's all  
Gonna be okay  
But you know  
That it's not  
Gonna be okay  
And when you see  
The sun fall  
From out of the blue  
You look far

(Look far)  
Cause I'll be  
Looking at you  
And when the stars  
Won't twinkle  
And your heart  
Breaks again  
You search far  
(Search far)  
Cause I'll be  
Searching for you too  
Everybody knows  
Situations change  
People drift away  
But I promised  
I'd always  
Stay the same  
And I'd remember you  
When I see  
A star fall  
From out of the blue  
Shine bright  
(Shine bright)  
Cause I'll be  
Thinking of you  
And when the rain  
Won't stop  
When there's  
Nothing to do  
But hold tight  
(Hold tight)  
Cause I'll be  
Thinking of you  
Cause I'll be  
Thinking of you
