

# Maisie Peters, Blonde

I'll fuck your life up as a blonde  
(I'll fuck your life up as a blonde)  
Nothing more frightening than a woman scorned  
And a box of bleach  
You said I'd never change, I bet you never thought  
I'd go so extreme  
I lost a couple of inches and then a couple more  
Starting with you and every single thing you said to me  
Baby if you thought I was trouble  
Then you're gonna hate what's coming next  
Kinda like your worst nightmare but double  
Is that an angel? No, it's your ex  
Remember how you screwed up when I was a brunette?  
I don't think you knew just what you'd done  
Woah, I'll fuck your life up as a blonde  
(I'll fuck your life up as a blonde)  
I'm going Gwen Stefani, I'm going Courtney Love  
I'm heading out of your league  
I'm gonna make your friends say, "Man you messed that up"  
And I would have to agree  
I had some emotional baggage but I cut it off  
Starting with you and every single thing you said to me  
Ending with you just want to talk but I'm just never free  
Baby if you thought I was trouble  
Then you're gonna hate what's coming next  
Kinda like your worst nightmare but double  
Is that an angel? No, it's your ex  
Remember how you screwed up when I was a brunette?  
I don't think you knew just what you'd done  
Woah, I'll fuck up your life up as a blonde  
(I'll fuck your life up as a blonde)  
La-la-la-la-la  
(I'll fuck your life up as a blonde)  
La-la-la-la-la  
(I'll fuck your life up as a blonde)  
La-la-la-la-la  
(I'll fuck your life up as a blonde)  
La-la-la-la-la  
(I'll fuck your life up as a blonde)  
I'll fuck your life up as a blonde  
I'll fuck your life up as a blonde  
I'll fuck your life up as a blonde  
I'll fuck your life up as a blonde  
You'll rue the day you did me wrong  
I'll put your name in all the songs  
I'll twist the knife, it will be fun  
Fucking your life up  
Baby if you thought I was trouble  
Then you're gonna hate what's coming next  
Kinda like your worst nightmare but double  
Is that an angel? No, it's your ex  
Remember how you screwed up when I was a brunette?  
I don't think you knew just what you'd done  
Woah, I'll fuck your life up as a blonde  
(I'll fuck your life up as a blonde)
