

# Maisie Peters, There It Goes

I'm back in London  
I'm running down Columbia Road  
They're selling sunflowers cheap  
I'm reading novels  
I'm dating but just dating for sport  
I'm getting coffees for free

I hang all my art  
And I dance with the coven  
As the rain falls hard on the street  
And I  
I'm doing better  
I made it to September  
I can finally breathe

I thought I gave you the best of me  
But

The love we had was covered in snow  
I had to let it go  
Yeah, the love we had was eating me whole  
I had to send it home  
Oh there it was, heaven knows  
There it was, now there it goes

I feel it changing  
I'm young but I am ageing, and I  
Need you less than I did  
I threw a party  
He kissed me right in front of my friends  
I felt so far from the cliffs

I sleep through the night  
And I go where I'm wanted  
And I don't need your light to be lit  
But oh  
The way I loved you  
I will not be embarrassed of that  
Just should've known when to quit

Now I'm over the worst of it  
'Cause

The love we had was covered in snow  
I had to let it go  
Yeah, the love we had was eating me whole  
I had to send it home  
Oh there it was (There it was)  
Heaven knows (Heaven knows)  
There it was (There it was)  
Now there it goes (The love we had)  
Oh, there it goes (The love we had)  
Oh, there it goes (The love we had)  
Oh, there it goes (The love we had)

A new home, a swan dive  
A blank page, a rewrite  
A black cat in the streetlights  
An open door  
The comedown of closure  
The girls and I do yoga  
I wake up and it's October  
The loss is yours

Brick Lane in the brisk cold  
And red wine on his hip bone  
The witching hours of Stockholm that you won't see  
Sunflowers in the kitchen  
A heartbreak in remission  
The universe is shifting and it's all for me  
All for me

The love we had was covered in snow  
I had to let it go  
Yeah, the love we had was eating me whole  
I had to send it home  
Oh there it was (There it was)  
Heaven knows (Heaven knows)  
There it was (There it was)  
Now there it goes (There it goes)  
There it goes  
There it goes  
There it goes)
