

Majandra Delfino, Sick Jag

I heard you're seeing the psychologist to get over me,
Hey I agree, Babe you need the therapy,

I found out today all the things you said about me,
That I tie you down when you want to run around free,
I am crazy cause I go out at any length to see you,
So you're saying I'm insane because I care about you.
Hearing all of this I guess you must be right
I've been looking up, yeah I can see the light.

Hearing all of this I guess you must be right
I've been looking up, yeah I can see the light.
