Majestic, Standing Alone

(Andersson / Espinoza)

I'm standig alone I'm here when you are calling me Shadows of love reach my heart when you are gone We will be strong 'till the end

I'm all by myself And no one can feel my pain

Whispering voices beats my heart when you're gone Close to your soul is my mind I'm waiting for your hand

Holding on to you Picture of my game I'm standing by your side Here forever more

I'm lost in the night
I've seen all the secret lies
Unbroken spirits
close my eyes when you're here
Walk through the shadows of my love
I'm waiting for your hand

Holding on to you Picture of my game I'm standing by your side Here forever more

Ride the winds of dreams Into the changing nights Listen to your heart face the bitter end

Yeah!...Standing alone
