

MAJESTICA , Night Call Girl

Here I stand I'm all alone
I can't help to feel regret
About the way I made
you leave last night.

Embrace the glance
of satisfaction
I don't know what you mean
But it was one thing
That I knew before
We had converged
My life filled with solitude
Now turn to pure paradise.

Night call girl
Can't afford you but
You're my world
And I know that you will
Let me up inside
When I'm feeling down
And need some love you're my
Night call girl
You must remember that
You're my world
And you know I you don't
Let me up inside my feelings
Fly away so far away
I won't call you anymore.

Here I stand Im all in panic
I lost your number, someone tell me
What should I do when
I can't call my girl
You have to tell me
Give me answers
To why you're running away
Call me I'm waiting
Call me I'm worried
A knock on the door
There you stand
Like you did once before
But not in time.

Night call girl
Can't afford you but
You're my world
And I know that you will
Let me up inside
When I'm feeling down
And need some love you're my
Night call girl
You must remember that
You're my world
And you know if you don't
Let me up inside my feelings
Fly away so far away

I walk down the street
Where I first saw your face
As you're turning away
I'm calling your name.

Night call girl
You're my world

And I know that you will
Let me up inside
You're my world.

Night call girl
Can't afford you but
You're my world
And I know that you will
Let me up inside
When I'm feeling down
I need some love
You are my night call girl
Just remember that you're my world
And you know if you don't
Let me up inside
my feelings fly away
And maybe I won't
Call you anymore.
